

SWG SAFETY INITIATIVES

Revising the District Awards Program

- Discontinue the use of No Lost Time Injuries and transition to TCIR & DART
- Include dredging, O&M contracts and construction

Reward deserving contractor for a job well done

SWG Safety initiatives

New OSHA and EM 385-1-1 Cranes Requirements

- Reporting requirements
- Qualification of operators, signalmen and riggers
- More contractual requirements will be added to UFGS specifications
- Why is this necessary? 44 accidents and 2 fatalities after the new OSHA standards went into effect.

▪ SWG Safety initiatives

- Revising SWG Safety Awards Program to include O&M Contracts, Dredging and Construction
- Discontinue 50,000 M/H and no lost time requirements.
- New requirements based on TRIC & DART Rates

Objective: Reward deserving contractor for a job well done.....
