

MEMORANDUM FOR USCG DISTRICT 8

SUBJECT: INTERMEDIATE NOTICE TO NAVIGATION

GIWW - HIGH ISLAND TO PORT BOLIVAR

The dredge "E. STROUD" (Mike Hooks, Inc) will begin operations on January 22, 2000 in the GIWW across Rollover Bay near Mile Marker 328. Floating discharge lines will extend to the west bank of Rollover Pass and will proceed overland to the beach west of Rollover Pass. The dredging is expected to be completed within 2 weeks of the start of dredging, or sooner. **Because of the obstructions caused by shoaling, tows traversing this reach of channel shall not be more than one barge wide.**

- *Caution and slow speed is advised near all ongoing work areas.*
- *Dredging operations are continuous, 24 hrs, 7 days, unless otherwise noted.*
- *Dredging operations will continue through the month unless otherwise indicated.*
- *Dredges monitor channel 13 and/or 16 on marine VHF radio, respective dredges should be contacted for coordination of passing and movement near operations.*
