MEMORANDUM FOR: **NAVIGATION INTERESTS**
 GIWW – HIGH ISLAND TO PORT BOLIVAR, IN
 GALVESTON COUNTY, TEXAS

SITUATION: NAVIGATION RESTRICTIONS

Construction is being performed simultaneously on Placement Areas 28, 33, 34 and 35 in a contract with ECC along the Gulf Intracoastal Waterway between High Island Bridge and Rollover Bay and in a separate contract with Weston on Placement Areas 36, 37, 39, 40, 41, 42 and 43 along the GIWW from Rollover Bay to Port Bolivar. In some cases work will be conducted from the water side with work barges to install articulated concrete blocks along the levees fronting the GIWW. It is requested that barges be restricted from parking on the banks of these placement areas as work is being conducted. Work is anticipated to continue through the end of June. A slow bell is also requested through this reach because wakes will affect the contractors ability to work and place materials on the banks.

TIME: Currently through end of June 2010.

COOPERATION

SOLICITED: **Mariners are urged to transit at their slowest safe speed to minimize wake and exercise caution when navigating near this location.**
