SABINE NECHES WATERWAY – SABINE PASS OUTER BAR AND BANK CHANNEL, IN JEFFERSON AND ORANGE COUNTIES, TEXAS

Weeks Marine, Inc. is scheduled to start hopper dredging at Sabine Pass Outer Bar Channel the last week of September 2010.

SABINE NECHES WATERWAY – SABINE PASS EAST JETTYS, IN JEFFERSON AND ORANGE COUNTIES, TEXAS

Conti Federal Services is schedule to start repairing Sabine Pass East Jetty’s in early October. Barge Fleet will be located south of Sabine Pass.

HOUSTON SHIP CHANNEL – SIMS BAYOU TO TURNING BASIN AND LIGHT DRAFT CHANNEL, IN HARRIS COUNTY, TEXAS

The Cutterhead Dredge “Jason LaQuay” (T.W. LaQuay Dredging LLC) is dredging Houston Ship Channel in the Main Turning Basin, and will proceed down the channel to Sims Bayou over the next five months. All material is being placed at House Tract Placement Area. The small cutterhead dredge “Shamrock” will be used to dredge the Light Draft Channel (navigable part of Buffalo Bayou).

HOUSTON SHIP CHANNEL – MORGAN’S POINT TO EXXON AND BARBOUR’S CUT TERMINAL, IN HARRIS COUNTY, TEXAS

The Cutterhead Dredge “Leonard Fisher” (King Fisher Marine Service LP) dredging operations in the Houston Ship Channel and Barbours Cut Terminal are in progress. Dredging operations will proceed until March 2011. All material will be placed in Spilmans Island and Alexander Island Placement Areas.

HGNC – GALVESTON CHANNEL DEEPENING STATION 20+000 to 8+031.53

King Fisher Marines’ pipeline Dredge “Wayman Boyd;” A submerged line, pontoon line and shore pipeline is in place to San Jacinto Placement Area. Dredging operations are in progress.

FREEPORT HARBOR, TEXAS – INNER HARBOR AND TURNING BASINS IN BRAZORIA COUNTY, TEXAS

The dredge Linda LaQuay (T. W. LaQuay Dredging LLC) is to begin dredging operations in the Freeport Inner Harbor on/about September 25, 2010. Operations will take place from and including the Upper Turning Basin to the Intracoastal Waterway and Lower Turning Basin. Floating and submerged pipeline will extend to upland disposal area. Duration of operations is approximately 100 calendar days.

RECOVERY-GULF INTRACOASTAL WATERWAY, TEXAS, HIGH ISLAND TO ROLLOVER PASS, PLACEMENT AREA LEVEE REPAIRS AND IMPROVEMENTS, PLACEMENT AREA NO. 28, 33, 34, AND 35

Construction is being performed simultaneously on Placement Areas 28, 33, 34 and 35 in a contract with ECC along the Gulf Intracoastal Waterway between High Island Bridge and Rollover Bay and in a separate contract with Weston on Placement Areas 36, 37, 39, 40, 41, 42 and 43 along the GIWW from Rollover Bay to Port Bolivar. In some cases work will be conducted from the water side with work barges to install articulated concrete blocks along the levees fronting the GIWW. It is requested that barges be restricted from parking on the banks of these placement areas as work is being conducted. Work is anticipated to continue through the end of June. A slow bell is also requested through this reach because wakes will affect the contractors ability to work and place materials on the banks. Operations scheduled through end of June. Signs requesting a no wake zone are being put up by the Contractors in areas where workers are on the banks of the GIWW laying the geotextile or articulated concrete mats.

GULF INTRACOASTAL WATERWAY, TEXAS – MAIN CHANNEL, COLORADO RIVER TO UPPER MATAGORDA BAY IN BRAZORIA AND MATAGORDA COUNTIES, TEXAS.

The Dredge J.N. Fisher is dredging the GIWW at approximate mile marker 455 and dredging easterly. Partially confined placement area on the south side of the Gulf Intracoastal Waterway will be used.

COLORADO RIVER AND TRIBUTARIES, TEXAS, MOUTH OF COLORADO RIVER, IN MATAGORDA COUNTY, TEXAS

The construction barge MBI-01 (Javeler Construction Co. Inc. subcontractor to David Boland, Inc.) is dredging the Colorado River Channel in a southerly direction with pipeline along the westerly shoreline to the beach placement area.

CORPUS CHRISTI SHIP CHANNEL, TEXAS – LAQUINTA CHANNEL AND JEWEL FULTON CANAL IN NUECES COUNTY, TEXAS

Dredging operations complete.

GULF INTRACOASTAL WATERWAY, TEXAS – MAIN CHANNEL ACROSS ARANSAS BAY IN ARANSAS AND CALHOUN COUNTIES, TEXAS.

Dredging operations complete.

- » *Mariners are urged to transit at their slowest safe speed to minimize wake and proceed with caution after passing arrangements have been made.*
- » *Dredging operations are continuous, 24 hrs, 7 days, unless otherwise noted.*
- » *Dredging operations will continue through the month unless otherwise indicated.*
- » *Dredges monitor channel 13 and/or 16 on marine VHF radio, respective dredges should be contacted for coordination of passing and movement near operations.*
